

As a distributor of Carolina Carports, Inc. we offer a number of predesigned metal structures.

We are confident that one of these units will meet your needs. Understanding the fact that each consumer's needs are unique, we also offer customized buildings with options such as windows, walk-in doors, garage doors and 13 different colors to choose from. Each structure is individually manufactured in a state of the art manufacturing facility, where we employ a highly skilled work force. Through our established network of dealers, Carolina Carports, Inc. has positioned itself as one of the largest manufacturers of metal structures in the United States.

"CERTIFIED STRUCTURES"

Certified structures are backed by an engineer stamped approval. These structures are wind and snow load rated for compliance with local and state regulations in most areas. Certification is available with all of our designs. We invite consumers to compare our products with the competition because we are confident that Carolina Carports, Inc. products are higher quality and overall superior.

"SPECIALTY PROJECTS"

Carolina Carports, Inc. prides itself on being at the cutting edge of metal structure design. Our highly qualified staff can design and manufacture structures for a wide variety of projects. Carolina Carports, Inc. has a knowledgeable sales staff and excellent customer service team that is waiting to assist you with all your metal building needs. Please call one of our regional divisions for further assistance.
